VOLVO

EX30

Pure Electric

BORN ELECTRIC. FULLY VOLVO.

With distinctive Scandinavian design, advanced safety, and legendary comfort, the EX30 redefines everyday journeys. It's crafted with recycled and natural materials and carries the smallest carbon footprint of any Volvo Cars to date*. Smart connectivity and intuitive technology make every drive effortless and inspiring.

The EX30 is designed to move you safely, sustainably, and in true Volvo style.

*Based on lifecycle CO_2 emissions over 200,000 km of driving using charging electricity from the EU27 energy mix. Relates to globally available products.

DESIGN WITH PURPOSE.

The Volvo EX30 embodies true Scandinavian design values: honest, functional, and free of excess. Its bold proportions and refined details give a confident, modern SUV presence.

Aerodynamic lines and signature LED lighting define its distinct electric persona. Inside, a leather-free cabin blends sustainability with minimalistic sophistication. With curated themes, smart storage, and refined touches, every EX30 feels personal.

THOR'S HAMMER. REIMAGINED.

Headlight Signature Design

The Volvo EX30 debuts a sharper evolution of the iconic Thor's Hammer headlights. With a segmented design, added width, and a sleeker profile, it sets a bold contemporary character while staying true to Volvo's identity.

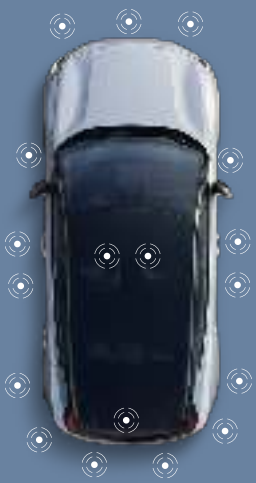
SHAPING LIGHT. DEFINING STYLE.

LED Rear Lamp Design

A modern take on Volvo's signature high tail lamps. Two flush-mounted LED sections enhance visibility in all conditions, including fog, while elevating the EX30's stylish rear profile.

SAFE SPACE TECHNOLOGY

Smart protection. Thoughtfully designed.



Front:
- Front long-range radar
- 1 front camera
- 1 front parking wide-angle camera
- 2 front side radars
- 6 front parking ultrasonic sensors

Side:
- 1 side parking camera in each door mirror
- 2 parking ultrasonic sensors on each side of the car

Rear:
- 2 rear side radars
- 1 rear parking wide-angle camera
- 6 rear parking ultrasonic sensors

Inside the car:
- Driver alert interior sensing
- Occupant sensing

Euro NCAP 5-star rating & IIHS Top Safety Pick

DOOR OPENING ALERT

Preventing accidents with cyclists or pedestrians, rear radars detect approaching traffic and warn before a door opens.

PARK PILOT ASSIST

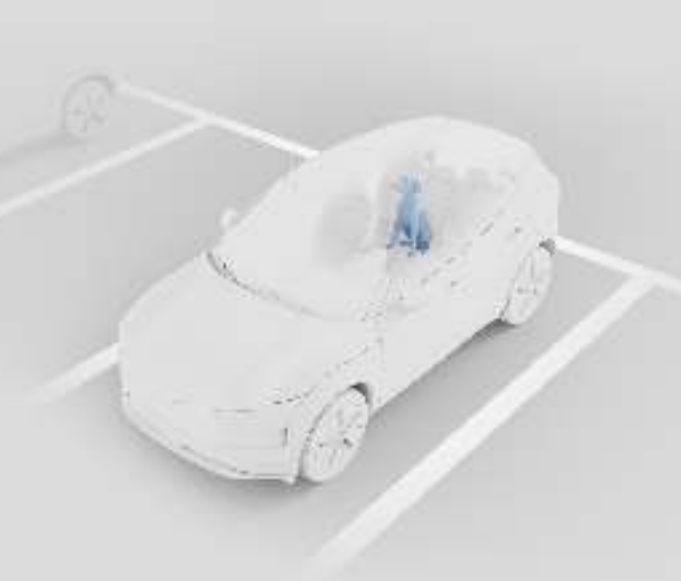
Automatically steers the car into parallel or perpendicular parking spots. Makes tight city parking stress-free and precise

DRIVER UNDERSTANDING TECHNOLOGY

Cameras and sensors monitor driver attention levels. Helps reduce accidents by intervening when signs of distraction or fatigue are detected.

OCCUPANT SENSING

Life can get busy. In the EX30, available full-cabin Occupant Sensing is designed to notice what you might miss. Advanced interior radars can detect even the slightest movement inside the cabin, helping ensure no one is ever unintentionally left behind.



360-degree camera

Every angle, in view. With the 360° camera, the EX30 creates a bird's-eye perspective that makes parking and narrow spaces feel effortless.

Collision avoidance

The EX30 watches out for more than just other cars. Pedestrians, cyclists, even large animals it helps you avoid them with warnings and, if needed, automatic braking or steering.

Lane keeping aid

Drift happens. The EX30 can sense if you cross a lane without signalling, gently nudging you back with subtle steering support.

Run-off road mitigation

If you start to veer off the road at higher speeds, the EX30 is ready to steer or brake to keep you safely on track.

Cross traffic alert

Reversing out of tight spots? The EX30 detects vehicles approaching from behind and can brake for you to avoid a collision.

Blind Spot Information System (BLIS)

Your silent co-pilot. BLIS lights up in the mirror when another car is in your blind spot - and can subtly guide you back if needed.

PURE ELECTRIC

The smooth, powerful electric powertrain of the all-new EX30 is at the heart of its driving experience.

Total power of 200kW/272hp
Instant torque of 343Nm

POWER THAT TAKES YOU FAR

Acceleration at 0-100km/h in 5.3 secs
Up to 480km range

PURE ELECTRIC

The EX30 simplifies EV charging with fast, convenient charging. The India-spec Volvo EX30 has been revealed in its full glory, offered in a single variant powered by a 69-kWh battery pack that delivers an impressive all-electric experience.

Key Benefits

- DC fast charging: 10-80% in ~26-28 minutes
- Up to 153kW (69 kWh battery)
- Progress tracking in driver display & Volvo Cars app
- Cable auto-lock for security
- Easy public charger navigation via Google Maps & in-car apps
- Convenient home charging for overnight top-ups

VERSATILE STORAGE

The Volvo EX30 is practical and easy to load with lots of useful and clever storage solutions that make life easy.

We've replaced the traditional glove box with a smarter, central storage space just below the display. It opens with a simple tap on the screen, and you can lock your glove box with a PIN code.

The cabin itself is designed with clever compartments everywhere, from the centre console and under-armrest storage to deep door pockets and dedicated spaces for your phone, bottles, and bags.

EXPANDABLE REAR BOOT SPACE

BOOT CAPACITY

Enjoy up to 318L of luggage space, expandable to a generous 904L when the rear seats are folded flat.

Front load compartment (frunk)

A handy 7L storage space up front, ideal for essentials like the charging cable and warning triangle, keeping them neatly tucked away yet easily accessible.

SMART USE OF RECYCLED & RENEWABLE MATERIALS

The EX30 is built with 17% recycled or renewable steel and plastic, 25% recycled aluminium, and up to 30% recycled plastics in bumpers and underbody, with an efficient 55-57% material utilisation in body stamping.

ADVANCED BATTERY TECHNOLOGY

The EX30's battery is positioned between the wheel axles for a low centre of gravity, balanced weight, and superior handling. Reinforced within the structure for safety, it uses proven chemistries and a 400V system with advanced liquid cooling for reliable performance. Supporting ultra-fast 150 kW DC charging, it powers up in just 25 minutes.

Shielded battery

Safety runs deep in the EX30. Its high-voltage battery is protected with advanced cooling to keep it stable and secure, even during charging.

RESPONSIBLE POWER

Using blockchain to trace lithium, cobalt, and nickel, every EX30 comes with a Battery Passport, accessible via QR code, detailing sourcing, CO_2 impact, and end-of-life management.

^GOOGLE BUILT-IN

With Google apps and services built in, the EX30 is as intuitive as a smartphone. Google Maps, Assistant, and Play Store bring seamless navigation, voice control, and apps to the centre display.

The infotainment system learns and adapts to the driver's habits for a personalised experience. Fully connected to your digital life - even without a phone.

^Google, Google Play and Google Maps are trademarks of Google LLC. Google is a trademark of Google LLC. Google Assistant is not available in certain languages and countries. Sequences shortened and simulated. Google features are only for 5 years. After 5 years, new terms and conditions apply.

INFOTAINMENT AND CONNECTIVITY

A car that connects with people's lives with a new infotainment & connectivity experience.

Over the Air updates, wireless & automatic

- Save Time and Cost
- Schedule Updates via Volvo Car App
- Google-Powered Central Display

CLIMATE CONTROL

TWO-ZONE CLIMATE SYSTEM

- Independent temperature control.
- Auto-maintains set temperatures with intuitive touch controls.

CABIN AIR QUALITY SENSOR

- Detects hazardous gases outside.
- Automatically switches to recirculation mode to maintain clean cabin air.

CABIN PRE-CONDITIONING

- Pre-set the cabin to 22°C before departure.
- App-controlled scheduling.

31.24CM (12.3 inches) HD DRIVER DISPLAY

High-definition driver display for crystal-clear visibility of speed, navigation, and alerts. Designed for intuitive, distraction-free driving.

HARMAN KARDON PREMIUM SOUND

Rich, immersive sound powered by Harman Kardon speakers. Designed to complement the cabin's acoustics for a premium audio experience.

9 SPEAKERS - 1,040W POWER OUTPUT

SOUNDBAR
- One Premium Sound mid-tweeter centre speaker (80 mm)
- Two Premium Sound soft-dome tweeters (19 mm)
- Two Premium Sound mid-range speakers (100 mm)

BEHIND DASHBOARD
- One single voice coil ECS (External Coupled Speaker) woofer (170 mm)

REAR DOORS
- Two Premium Sound full-range speakers (125 mm)

LOAD COMPARTMENT, RIGHT SIDE
- One ECS (External Coupled Speaker) Premium Sound subwoofer (200 mm)

5 AMBIENT LIGHT AND SOUND THEMES

A cabin that breathes with nature.

Archipelago

Midsummer

Nordic Twilight

Forest Bath

Northern Lights

WIRELESS MOBILE DEVICE CONNECTION

The EX30 makes charging
and connecting devices effortless.

Key Benefits

- Wireless charging pad (up to 15W) for larger phones
- Two front USB-C ports (standard) + two rear USB-C ports (higher trims)
- Bluetooth® for calls & streaming with automatic switching
- Wireless Apple CarPlay for iPhone users

EX30 KEY OFFER

The Volvo EX30 reimagines how you unlock and interact with your car.

With Digital Key Plus, you don't need to reach for a key anymore; your phone becomes your pass.

It's not just convenient; it's smarter, safer, and surprisingly seamless.

Unlock, start, and control your EX30 remotely via your phone.
